

Hi, my name is Keri Reno and I am thrilled to be joining Rocklin Academy, this fall, in the second grade!

My family and I moved to Roseville three years ago. My husband and I have two children and a dog. One of the reasons we decided to move, here, was because of all the family activities that the area has to offer. My husband and I enjoy running and biking on the bike trails. As a family, we head to the mountains in the winter for snow skiing. Snow skiing is my favorite sport. I love the thrill of flying down the mountain but I also treasure the chair lift rides, with my family. Once the snow melts, my family heads to Lake Folsom for summertime boating. Every summer we also head back to the Bay Area to catch up with “old friends.”

I look forward to working at Rocklin Academy and joining a wonderful community of teachers and parents. Additionally, I feel fortunate to continue working with Laura Regan. Laura and I have taught together for the last year and a half. Laura is a wonderful partner and I know the two of us will work together to create a fun learning atmosphere.
