

## **Pat Teilh**

Welcome to another year at Rocklin Academy. I am happy to begin my third year as your school principal. Rocklin Academy is a tremendous school and with my prior administrative experience, I hope to take our school to the next level of excellence.

This coming year, Rocklin Academy will be undergoing a self-evaluation and accreditation process called WASC (Western Association of Schools and Colleges). The faculty and I have been working on writing our book for the past year and will have it ready for the visiting teams of educators on March 31-April 2, 2008.

I have had a wide range of teaching and administrative experiences in elementary schools, K-8<sup>th</sup> grades, during the past 34 years. My educational career began as a Music teacher for seven years in grades 1<sup>st</sup>-8<sup>th</sup>. I then spent the next four years as a second grade teacher and nine years as a full time fifth grade teacher and vice principal. After my wonderful years teaching, I then became a principal and have enjoyed administration for the past thirteen years. I view my administrative strengths in the areas of curriculum, finance, and community leadership.

I hold a Master of Science degree in Educational Leadership, an Administrative Services Credential, a Clear Multiple Subjects California Teaching Credential, and Bachelor of Arts degree in Liberal Studies with an English Option all from California State University, Hayward. When I'm away from school, I love to either golf or read. I also enjoy spending time with my family and grandchildren.

As always, I open my office door to you anytime. I hope you stop by my office either by yourself or with a group. When home and school work together, we become successful.
